

45 x 48 x 50 Hopper Bottom Bulk Container

For Large Granular Materials - Beige Unsealed

The 45 x 48 x 50 hopper bottom container, with its smooth, funnel-shaped interior, is ideal for small parts, preforms, and larger flowable materials. The hopper empties the contents in about 30 seconds. Made from high-density polyethylene, this 2,000 lb.-capacity, collapsible bulk container will provide years of reliable service under the toughest conditions. 100% recyclable.

Part #: DGR454850-HB-Beige-UNSEALED
