The 45" x 48" x 21" fixed-wall bulk container is a sturdy material-handling container engineered for long life under the most demanding conditions and repeated use. Made from high-density polyethylene, these heavy-duty containers are built to provide years of service under the harshest conditions. These 45" x 48" footprint containers are stackable, 100% recyclable, and save on storage and transportation costs. They have a pallet jack and 4-way forklift access for secure and efficient handling. These fixed-wall bulk containers are ideal for storing and handling various component parts, industrial materials, and commercial supplies.

FEATURES & BENEFITS

OPEN GRID FLOOR

The open grid floor on this container provides exceptional strength while lowering shipping weight and conforming to manufacturing facility fire code.

4-WAY FORKLIFT ENTRY

Allows entry from all sides for secure and efficient handling with pallet jacks or forklifts.

FIXED SIDEWALLS

Fixed sidewalls make this container ideal for heavy loads and flowable powder storage.
