Our 40" x 48" x 39" heavy-duty collapsible bulk container, made from high-density polyethylene, is a smart investment. With a 2,000 lbs. capacity, it's built for long life, reliable service, and repeated use. Its stackable design and easy assembly and disassembly make it a versatile solution for your storage needs. Two drop doors ensure easy access to contents, while the pallet-style base provides a 4-way forklift and pallet jack access for safe, efficient handling. A 2.9:1 return ratio increases storage efficiency and cuts inbound shipping costs, making it an ideal choice for storing and handling small and heavy parts.

FEATURES & BENEFITS

SPRING LOADED LATCHES

Ergonomic spring loaded latches provide a quick and reliable locking mechanism for both access doors and collapsing sidewalls.

SOLID FLOOR

A solid floor bottom ensures small parts will not be lost and provides a smooth and even load surface.

INTERLOCKING WALLS

Interlocking sidewalls at the corner of the container ensure high load capacity and stability.
